Steadfastly dedicated to reshaping the future of local hospitality through eco-friendly best practises that minimize environmental impact while boosting awareness on the importance of nature's preservation, Lexis Hotel Group is constantly putting nature first by upgrading the single-use biodegradable straws that had been used at our hotels and resorts to 100% consumable and biodegradable RiceStraws™ that are even more friendly to the environment.

Made locally in Malaysia, RiceStraws™ are made completely from natural food ingredients, including broken rice flour, tapioca starch, fruit and vegetables, making them not only 100% chemical free and environmentally friendly, but above all, 100% edible, vegan and halal certified! RiceStraws™ are also scientifically proven to totally biodegrade in less than 60 days upon disposal, leaving absolutely zero carbon footprint and pollution on the environment! Going the extra mile, used RiceStraws™ from all Lexis hotels and resorts will not be disposed of in the same manner that single-use plastic straws would and end up in landfill for an extended period of time, but instead buried in our soil as an eco-friendlier approach to fertilize the trees within the compound of our hotels and resorts.

丽昇酒店集团为了实现和推广更环保和绿色化的酒店管理和运营理念，好能够让国内酒店业更致力于以最大程度地去减少对环境带来的影响之同时，也能够提高人们对保护自然环境之重要性的认知，而决定将旗下所有酒店和度假村所使用的一次性可生物降解吸管升级为100%天然又对大自然更友善的RiceStraws™米吸管。

100%本土制造的RiceStraws™米吸管完全由天然食品成分制成，其天然原料包括了碎米粉末、木薯淀粉、水果和蔬菜，让它不仅100%无化学成分和更加环保，还有最主要的是100%可安全食用、素食和获得清真认证！科学研究和试验更是证明了RiceStraws™米吸管在被使用完毕后的60天内将可完全生物降解，使它对环境留下零碳足迹或污染成分！除此之外，有别于一次性塑料吸管用后的处理方式，所有丽昇酒店和度假村里所使用过的RiceStraws™米吸管将会被埋入酒店的土壤中，以最环保的资源管理概念来为酒店和度假村的花草树木施肥，以避免浪费任何宝贵资源。
